### Response to RFI #75 – TV outlet heights 06/10/2024

**Please note the two TVs moved in room 115 due to blocked viewing from the double doors. The new locations already have data & power conduits.**

| Room | Name                     | Outlet Height | Comment  |
|------|--------------------------|---------------|--|
| 101  | Front Lobby              | 5' 0" AFF     | May need "trophy case" enclosure to deter vandalism  |
| 112  | Formal Conf. Room        | 5' 5" AFF     | Must clear conference table by 2 feet  |
| 113  | Multi-Purp. Room         | 6' 6" AFF     | Current pole height old library  |
| 115  | Opposite of 101 Lobby TV | See Comment   | <b>TV would be blocked by double doors</b> – Please move TV to Room 133 above countertop at 6' 6" AFF. If not possible, keep location and mount at 16" AFF |
| 115  | Above book return        | See Comment   | <b>TV would be blocked by double doors</b> – Please move TV to "extended wall" by photocopier at 6' 6" AFF. If not possible, remove this outlet.           |
| 116  | Staff Area               | 7' 6" AFF     | Must be taller than cubicles   |
| 125  | Kids Area                | 5' 1" AFF     | Current height old library   |
| 140  | Teen Area                | 6' 2" AFF     | Teen gaming TV   |
| 141  | Computer Lab / Classroom | 6' 4" AFF     | Must clear 4'5" old circ desk and be visible in back of room   |
| 144  | DVD Shelving             | 6' 6" AFF     | Current pole height old library  |
